Over the past 22 years, GFS has served thousands of disadvantaged families and their children in East San Jose through high-quality, results-oriented programs that are researched based and community informed. We create strong starts for young children and provide parents with the knowledge and tools to support their children's success in school and in life.

Here are some highlights of our accomplishments:

We create innovative, high-quality programs with direct input and feedback from the families we serve.

Our Family Engagement Professional Development Program creates strong home-school connections to support children's learning.

2 State-funded Preschools

Our preschools develop the foundational skills children need to succeed in school and life.

23 childcare entrepreneurs trained

Our Jobs to Grow initiative is creating business skills and revenue opportunities for childcare providers.

1500 Users

Our Building Blocks of Parenting™ App provides access to child development information and resources.

Family Math

Our Family Math Program trains preschool teachers and increases parent engagement in children's math learning.

And there's still more work to do. You can help us! Please join us in CHANGING LIVES!!
